WE ARE FORTUNATE TO HAVE A CITY COUNCIL THAT IS HARD WORKING AND DEDICATED TO SERVING THE PEOPLE AND MAKING OUR CITY BETTER.

As a six-member council, the mayor is the chair of the council but only votes in the event of a tie. We have a well-balanced city council in several respects. This gives a good variety of experience and perspectives. It is not necessary that the council is always in agreement. What is important and what makes this council productive is the fact that they are willing and enthusiastic about rolling up their sleeves and doing the difficult work. Details do not escape this council. They will spend whatever time it takes to make sure they have the best outcome they can achieve. This can cause meetings to go long, but in the end this council can walk away knowing they have done their job and are prepared to be fully accountable to the people for the actions they have taken.

Ben Reaves is in his third year on the council. He is a stabilizing force and genuinely cares about the residents of this city, especially the youth.

Donna Burnham has started her ninth year on the council after a two year break. Her wealth of experience gives context to discussions and helps the council maneuver through complicated issues.

Stephanie Gricius is in her third year and serves as Mayor Pro Tempore. Stephanie is always looking out for the interests of residents and works with developers to get the best designed neighborhoods possible.

Colby Curtis is also in his third year on the council. Colby is passionate about good government and holds everyone accountable.

Melissa Clark is in her first year on the council. She brings enthusiasm and a fresh perspective to every task the council engages in.

I am very happy to be working with these outstanding council members. During the time remaining with this council I am confident that a lot of work will get done in making this city better and preparing it for the future.

We encourage residents to be participate in the city’s legislative process by registering to receive public meeting notices via the State’s notification system or the City’s notification system and either attending meetings (typically held the first and third Tuesday of each month, with a work session at 4 p.m. and policy session at 7 p.m. - check the city website calendar to verify) or viewing meeting recordings on our YouTube channel. Don’t hesitate to contact city council members and me regarding
any issues of concern to you. You may reach all of us at council@emcity.org.

This month’s Mayor’s Choice for family reading is the classic adventure novel “Treasure Island” by Robert Louis Stevenson. I know of no other book that has stirred youthful imagination for so many generations. Treasure Island set such a high standard in 1883 that every pirate story since has been obliged to imitate every detail in the high-stakes life of a gold seeking buccaneer on the high seas. When a mere boy, Jim Hawkins, loses his father and decides to throw in with some of the most dangerous and untrustworthy characters of his day in order to provide for his widowed mother, we have the makings for a classic coming of age story. Enjoy the original pirate tale, set in the 1700s.

I have been asked to offer suggested reading for a slightly more mature audience so I am including a Mayor’s Choice for teen and adult readers. “The Hiding Place” by Corrie Ten Boom is an account of a Dutch watchmaker that tried to save Jews from being rounded up during World War II. After being caught she had no choice but to endure and ultimately survive a concentration camp. Corrie Ten Boom tells her story of this dark time in her life with a surprisingly encouraging perspective that is rich with life lessons for us all. I recommend this book for anyone that is dealing with or may yet deal with crushing hardships or is just looking for an enthralling first-hand account of World War II history.

While we are on the subject of gleaning valuable insights for our own lives from people who survived concentration camps, I highly recommend the very easy read, “Man’s Search for Meaning” by Victor Frankl.
