

I am running for City Council because I believe it is important to lift where you stand and help where you are. I am thrilled at the possibility of serving Eagle Mountain residents. This is not an easy task, but I love our incredible city and look forward to serving on City Council.

I believe government exists to serve the people. The most important aspect for any elected official should always be to listen to residents first—I will always listen to residents first.

As a member of City Council, I will work to:

- Expand/improve infrastructure
- Protect property rights
- Defend freedom
- Support local business
- Maintain transparency
- Ensure economic stability
- Avoid tax increases
- Use tax dollars responsibly

With tremendous growth, the decisions made today will impact the city for decades to come. I will add new perspective as we work to grow our city while maintaining the small-town feeling and culture we all enjoy. I value our scenery and wildlife and want to protect this amidst growth.

Like you, Eagle Mountain is home. Our city is amazing—we have a strong heritage. By listening to residents first, I believe we can build our legacy together. I appreciate your consideration and vote.
