SCHEDULED ITEMS

14. AGREEMENT – Consideration and Approval of a Settlement Agreement between Eagle Mountain City, Kent L. Jones State Engineer of Utah, Central Utah Water Conservancy District and the Town of Cedar Fort for the Approval of 1,000 Acre Feet of Central Utah North Shore Aqueduct Project Water from Certain City Wells.

BACKGROUND: *(Presented by Jerry Kinghorn)* The Town of Cedar Fort, the State Engineer of Utah, The Central Utah Water Conservancy District and the City have negotiated a settlement of the appeal litigation which challenged the approval of a change application allowing the City to use contract water supplied under Central Utah Water Conservancy District water rights pumped from wells #3 and #5 which are owned by the City. Under the settlement the amount of water which can be pumped is to be reduced from the originally approved 3,000 acre feet of water to the amount of 1,000 acre feet, which matches the amount the City can purchase under the original contract for North Shore Aqueduct project water. The change approval under the Settlement is timed to expire approximately one year after the Aqueduct is scheduled to be finished in 2014. An amended Order of the State Engineer is required to implement the Settlement.
