2.1. As additional fees for development review and approval, each development applicant shall be responsible to reimburse the City of Eagle Mountain for all excess fees and charges plus 10% administrative costs incurred by the City of Eagle Mountain in the review and processing of the development applicants application for subdivision, site-plan review, building permit, Master Site Plan (original or amended) or other development review. Existing

application fees stated above payable by applicants include reasonable monetary charges for professional services required to the City to review and process the developers application, however, if the project or development review requires more professional or other third party services than anticipated and provided for in the original application fee, the developer shall be responsible to reimburse the City for the excess reasonable fees and charges incurred in the review, processing and compliance assurance required by the City to complete consideration of the developers application. Such fees and charges shall accrue to, and are payable by, the development entity which executes the development application, or enters into a development agreement with the City of Eagle Mountain as required under the City Development Code.

2.2. The City shall bill developers for excess reimbursable fees accruing under paragraph A above and all other charges on a regular basis within forty-five (45) days of the payment of such reimbursable fees and/or accrual of other charges to the developer by the City. The billing by the City shall be in reasonable detail to permit the developer applicant to determine the reason for the expenditure, the project for which the fees or charges were incurred, and the rate or other basis for the reimbursement or other charge. Billings for reimbursable fees are due upon receipt and if the balance due is not paid within thirty (30) days of mailing, the developer applicant account is delinquent and the developer applicant is in default on its reimbursement fee obligations to the City. Every billing statement from the City to a developer shall be deemed correct, accurate, undisputed and due in full unless the City Treasurer is notified in writing of a disputed bill in reasonable detail to ascertain the exact question or matter in dispute within thirty (30) days of the postmarked date on the mailed statement or the date of hand-delivery if the statement is not delivered through the U.S. Mail.

2.2.1. Developer applicants, or their representatives, may informally confer with City staff to obtain further information, ask questions, and receive clarification of charges included on the billings. An informal conference may result in changes to the invoice from the City to the developer applicant.

2.2.2. If the invoice is corrected or changed, the developer applicant shall pay the corrected invoice within fifteen (15) days of receipt of the corrected invoice.

2.2.3. If the developer applicant does not dispute the billing, request information and engage in an informal conference with staff concerning the billing, the invoice shall be due thirty (30) days from the date of the invoice. Billed invoices shall be due and payable to the City thirty (30) days from the date of the invoice in the case of undisputed invoices and fifteen (15) days after receipt of a corrected invoice in the case of an invoice corrected after an informal conference or corrected after a decision by the City Council.

2.2.4. If the developer applicant disputes any charge on the invoice from the City to the developer applicant, the developer applicant shall pay the amount of the invoice and notify the City in writing of the dispute, indicating each disputed item and the reason each disputed item is disputed. The total sum of all disputed items shall constitute the contested amount of the payment by the developer applicant to the City.

2.3. The City Treasurer shall receive the disputed payment and the contested amount and shall notify the City Recorder of the contested payment. The City Recorder shall notify the Mayor and provide the Mayor and Council with the statement of dispute received from the developer applicant.

2.3.1. The City Council shall consider the payment dispute in a regularly scheduled City meeting. Notice of the time, date and place of the meeting where the disputed statement will be considered by the City Council will be mailed to the developer applicant not less than five (5) days before the date of the meeting.
