

RESOLUTION NO. R-11-2013

**A RESOLUTION OF
EAGLE MOUNTAIN CITY, UTAH, AMENDING THE
EAGLE MOUNTAIN CITY CONSOLIDATED FEE SCHEDULE**

WHEREAS, the City Council of Eagle Mountain City is empowered by law to adopt resolutions establishing fees for municipal services and has established an equitable system of fees for providing municipal services; and

WHEREAS, the City Council has determined that it is necessary and appropriate to adopt a fee for the purchase of Central Utah Water Conservancy District Development Project water purchase by Eagle Mountain City from the Central Utah Water Conservancy District; and

WHEREAS, the City Council has determined that it is necessary and appropriate to adopt a fee for the transfer of banked water rights; and

WHEREAS, the City Council finds that it is in the public interest to reaffirm all fees and charges previously enacted in the Eagle Mountain City Consolidated Fee Schedule except for those fees and charges which are specifically amended or changed in this resolution;

NOW, THEREFORE, be it resolved by the City Council of Eagle Mountain City as follows:

1. The Consolidated Fee Schedule attached hereto as Exhibit A and the fees and charges set forth therein are hereby enacted and adopted for services received from Eagle Mountain City.
2. This Resolution is not intended to repeal, abrogate, annul, or in any way impair or interfere with existing provisions of other resolutions, ordinances, or laws except to effect modification of the fees reflected in the Consolidated Fee Schedule. The fees listed in the Consolidated Fee Schedule supersede present fees for services specified, but all fees not listed remain in effect. Where this Resolution imposes a higher fee than is imposed or required by existing provisions, resolution, ordinance, or law, the provisions of this resolution shall control.

This Resolution shall take effect at 12:01 a.m. on May 8, 2013.

2. PAYMENT OF CHARGES, REIMBURSEMENT FOR PROFESSIONAL FEES, AND COLLECTION OF PAST DUE ACCOUNTS. This section amends, enacts new provisions and restates and consolidates prior resolutions of the City Council of the City of Eagle Mountain and clarifies the requirement for collection of facilities, construction payments, past due accounts and other remedies to collect past due accounts from development applicants and others.

2.1. As additional fees for development review and approval, each development applicant shall be responsible to reimburse the City of Eagle Mountain for all excess fees and charges plus 10% administrative costs incurred by the City of Eagle Mountain in the review and processing of the development applicants application for Subdivision, site plan review, building permit, Master Site Plan (original or amended) or other development review. Existing application fees stated above payable by applicants include reasonable monetary charges for professional services required to the City to review and process the developers application, however, if the project or development review requires more professional or other third party services than anticipated and provided for in the original application fee, the developer shall be responsible to reimburse the City for the excess reasonable fees and charges incurred in the review, processing and compliance assurance required by the City to complete consideration of the developers application. Such fees and charges shall accrue to, and are payable by, the development entity which executes the development application, or enters into a development agreement with the City of Eagle Mountain as required under the City Development Code.

2.2. The City shall bill developers for excess reimbursable fees accruing under paragraph A above and all other charges on a regular basis within forty-five (45) days of the payment of such reimbursable fees and/or accrual of other charges to the developer by the City. The billing by the City shall be in reasonable detail to permit the developer applicant to determine the reason for the expenditure, the project for which the fees or charges were incurred, and the rate or other basis for the reimbursement or other charge. Billings for reimbursable fees are due upon receipt and if the balance due is not paid within thirty (30) days of mailing, the developer applicant account is delinquent and the developer applicant is in default on its reimbursement fee obligations to the City. Every billing statement from the City to a developer shall be deemed correct, accurate, undisputed and due in full unless the City Treasurer is notified in writing of a dispute bill in reasonable detail to ascertain the exact question or matter in dispute within thirty (30) days of the postmarked date on the mailed statement or the date of hand-delivery if the statement is not delivered through the U.S. Mail.

2.2.1. Developer applicants, or their representatives, may informally confer with City staff to obtain further information, ask questions, and receive clarification of charges included on the billings. An informal conference may result in changes to the invoice from the City to the developer applicant.

2.2.2. If the invoice is corrected or changed, the developer applicant shall pay the corrected invoice within fifteen (15) days after receipt of a corrected invoice.

- 2.2.3. If the developer applicant does not dispute the billing, request information and engage in an informal conference with staff concerning the billing, the invoice shall be due thirty (30) days from the date of the invoice. Billed invoices shall be due and payable to the City thirty (30) days from the date of the invoice in the case of undisputed invoices and fifteen (15) days after receipt of a corrected invoice in the case of an invoice corrected after an informal conference or corrected after a decision by the City council.
 - 2.2.4. If the developer applicant disputes any charge on the invoice from the City to the developer applicant, the developer applicant shall pay the amount of the invoice and notify the City in writing of the dispute, indicating each disputed item and the reason each disputed item is disputed. The total sum of all disputed items shall constitute the contested amount of the payment by the developer applicant to the City.
- 2.3. The City Treasurer shall receive the disputed payment and the contested amount and shall notify the City Recorder of the contested payment. The City recorder shall notify the Mayor and provide the Mayor and Council with the statement of dispute received from the developer applicant.
 - 2.3.1. The City Council shall consider the payment dispute in a regularly scheduled City meeting. Notice of the time, date and place of the meeting where the disputed statement will be considered by the City Council will be mailed to the developer applicant not less than five (5) days before the date of the meeting. The developer applicant may be present and present any statement or evidence supporting the developer applicant's position with respect to the dispute.
 - 2.3.2. City Council shall cause the party to whom disbursement was made by the City to be present at the hearing on the disputed amount and after hearing all of the relevant evidence and statements of parties and staff, the City Council shall vote on each disputed item and determine whether or not to direct a refund to the developer applicant for any disputed charge. A final decision by the City Council may be made in the absence of the developer applicant disputing the statement in dispute.
 - 2.4. Developer applicants must remain in good standing with all amounts due and payable to the City paid as such amounts become due. Developers or Master Developers who are delinquent in payment of reimbursable fees and charges to the City except facilities construction fee payments under Section 2.4.1, 2.4.2 and 2.4.3, or other charges to the City, are deemed to be in default and all processing of all applications before the City staff, Planning Commission or City Council shall be tabled until the developer applicant's default is cured by the timely payment of all fees and charges or the execution of an agreement for the payment of all fees and charges acceptable to the City Treasure or Administrator. Except as provided below, City staff are specifically instructed to verify that each Master Developer or developer applicant is in good standing with respect to all fees and charges owed to the City before presenting developer applications to the Planning Commission agenda or the City Council agenda, and specifically before recordation of plats or final signing and approval of site plans, building permits, or other development approval applications.
 - 2.4.1. Master Developers obligated to facilities construction fee payments to the City who are not current in the payment of all facilities fee construction payments and all major development applicants within the respective master development areas where the Master Developer is not current on all facilities fee construction payments, may qualify to continue to process major development subdivision applications as provided by the Development Code under special rules established in this Section 2.4.1 and in Section 2.4.2 and 2.4.3.
 - 2.4.2. Whenever a Master Developer is not current in the payment of facilities fee construction obligations, major development subdivision applications may be processed by the Planning Commission and City Staff and City Engineer up to consideration of the final plat of the subdivision by the City Council. No final vote shall be taken on the final plat or on the approval of a development agreement if the Master Developer or subdivider is in default in the payment of facilities fee construction obligations to the City. The Council shall not vote on the final plat or the subdivision development agreement for the period of time the Developer remains in default in the payment of the facilities fee obligations. The

vote may be scheduled on the final plat and subdivision development agreement after the expiration of the period of time equal to the time between the date the facilities fee payment should have been paid to the City by the Master Developer and the date the payment was received by the City.

- 2.4.3. Master Developers may qualify for the alternative processing provisions described in Sections 2.4.1 and 2.4.2, but shall only be qualified for the alternative processing if the Master Developer is current at the date of each processing request in the completion of all outstanding projects required to be completed at the date of the processing request. Master Developer projects include, but are not limited to, the completion of all subdivision development improvements required to be constructed by the Master Developer, the completion of parks or other improvements, or the completion of other public improvements or dedication of open space consistent with the Master Developer's.
- 2.5. Utility customer's accounts are due and payable by the last day of each month. Customers who do not pay the full amount of the utility billing invoice on or before the last day of the month are in default and are subject to disconnection of utilities and collection of the delinquent amounts. This section describes the process for notification, termination of services, penalty/reconnection fees, and provision for deferred payments schedule contracts.
- 2.5.1. Delinquent accounts will be charged a fee of the greater of \$25.00 (twenty-five dollars) or 1% of the delinquent balance amount at the beginning of each month the accounts are delinquent.
- 2.5.2. A final notice will be sent to the billing address within ten (10) days after the first working day of the month notifying the customer that if full payment of the past due balance is not received within seven (7) days after the notice that their service(s) will be subject to termination. Customers will be invited to contact City staff during this seven (7) day period to make special arrangements under extenuating circumstances, which may be approved by the City under the provisions of Section 2.5.4 below.
- 2.5.3. Services terminated for non-payment shall not be reinstated (reconnected) until payment of the past due account balance along with a reconnection fee of \$50 has been paid to the City. The reconnection fee shall be charged, unless the City has received payment at or before 5:00 p.m. on the day specified by the City, regardless of whether or not the service(s) were actually terminated. City employees who perform the actual shutoff are not allowed to receive payment for Utility Services.
- 2.5.4. A deferred payment schedule contract may be entered into with a delinquent customer, provided that the deferred payment schedule does not extend for a period of more than (1) year, provides for a specific amount in addition to payment of their current bill, to be paid each month together with interest as provided in Paragraph 2.6 below. Utility customers who do not comply with the terms of an executed deferred payment schedule contract, are subject to termination of service after the City provides the final notice provided in Section 2.5.2 above. Service terminated after default on a deferred payment contract shall not be reinstated until the past due balance has been paid in full. The City may, at its discretion, require an additional utility deposit be paid up to an amount equal to two (2) times the average monthly billing for the utility service.
- 2.5.5. Customers will be charged a \$75.00 fee to turn utilities on for three business days. If the request is made for the utilities to be activated on Friday, then Saturday and Sunday would count as one business day and their 3-day period would then go from Friday through Monday.
- 2.6. All bills for utility service, invoices for reimbursable fees or other charges owed to the City of every kind and nature except for returned checks shall be charged a fee of twenty five dollars (\$25.00) or 1% of the unpaid balance whichever is greater.
- 2.6.1. Each check or other instrument tendered to the City for payment of an obligation to the City and returned to the City as a dishonored instrument shall accrue the maximum penalty, services charges and other allowable fees for recovery of the amount due allowed by Utah law.
- 2.6.2. Unpaid City accounts may be sent to Collections after a reasonable attempt has been made to collect the unpaid amounts. Collections will be pursued to the full extent of the law. A \$50 fee will be added to any account sent to collections.

OTHER FEES. This Consolidated Fee Schedule is not intended to repeal, abrogate, annul, or in any way impair or interfere with existing provisions of other resolutions, ordinances, or laws except to effect modification of the fees reflected above. The fees listed in the Consolidated Fee Schedule supersede present fees for services specified, but all fees not listed remain in effect. Where this Consolidated Fee Schedule imposes a higher fee than is imposed or required by existing provisions, resolution, ordinance, or law, the provisions of this Resolution shall control.
