

**RESOLUTION NO. R 17-2001**

**A RESOLUTION OF THE GOVERNING BODY OF EAGLE MOUNTAIN CITY  
AMENDING THE EAGLE MOUNTAIN CITY CONSOLIDATED FEE SCHEDULE**

WHEREAS, the governing body of Eagle Mountain is empowered pursuant to Utah law to adopt a resolution establishing fees and has previously established an equitable system of fees to cover certain costs of providing some municipal services; and

WHEREAS, the City has recently reviewed the actual cost of providing certain planning and development application reviews and associated activities and finds that it is in the public interest to change certain fees to more accurately reflect the actual cost of services for site plan amendments, county recorder fees for the recordation of plats and master sign plan amendments; and

WHEREAS, the City Council finds that it is in the public interest to reaffirm all fees and charges previously enacted except for those fees and charges which are specifically amended or changed in this resolution; and

WHEREAS, the City Council finds that it is in the public interest to include administrative fees to the reimbursable consultant charges for services used by the City to review development applications; and

WHEREAS, the City Council finds that it is in the public interest to provide alternative plat processing procedures for reduced processing fees and to enact requirements for the deposit of funds to pay certain charges and costs incurred by the City in development reviews; and

WHEREAS, the City Council reviewed a recommendation from the City Telecommunications Board to add certain packaged services; and

WHEREAS, the City Council finds it is in the public interest to define a license fee for public assemblies of 30 or more people.

NOW, THEREFORE be it resolved by the City Council of Eagle Mountain City that the fees and charges set forth in this resolution are hereby enacted and adopted:

1. The following fees are hereby imposed as set forth herein:

1.1. Miscellaneous Fees:

1.1.1.	Compiling records in a form other than that maintained by the City - actual cost and expense for employee time or time of any other person hired plus supplies and equipment - minimum charge of \$10 per request.	
1.1.2.	Certification of record.....	\$1/certification

71. Value Package
- 71.1. Description
- VALUE PACKAGE* is a package of features available to residential customers in conjunction with an additional or individual flat rate access line. Residence customers subscribing to the package are entitled to unlimited use of the services/features specified below:
- \* Anonymous Call Rejection
  - \* Call Waiting
  - \* Continuous Redial
  - \* Last Call Return
  - \* Three-Way Calling
- In addition to the standard features, a customer may select one or more of the following optional features:
- \* Call Forwarding-Variable
  - \* Do Not Disturb
  - \* Non-Listed Service Listing
  - \* Priority Call
  - \* Talking Call Waiting
- 71.2. Rates and Charges
- VALUE PACKAGE* will be provided at the following rate. Customers may add additional optional features within the package at no additional charge.
- \* Per individual or additional flat rate residence line.....\$14.33
72. Custom Package:
- 72.1. Description
- CUSTOM PACKAGE* is a package of features available to residential customers in conjunction with an additional or individual flat rate access line. Residence customers subscribing to the package are entitled to unlimited use of the

services/features specified below:

- \* Anonymous Call Rejection
- \* Call Forwarding (Remote Access Forwarding)

- 1.15. Blasting Permit Fee ..... \$500.00

2. PAYMENT OF CHARGES, REIMBURSEMENT FOR PROFESSIONAL FEES, AND COLLECTION, OF PAST DUE ACCOUNTS

This section amends, enacts new provisions and restates and consolidates prior resolutions of the City Council of the City of Eagle Mountain and clarifies the requirements for collection of facilities, construction payments, past due accounts and other remedies to collect past due accounts from development applicants and others.

- 2.1. As additional fees for development review and approval, each development applicant shall be responsible to reimburse the City of Eagle Mountain for all excess fees and charges plus 10% administrative costs incurred by the City of Eagle Mountain in the review and processing of the development applicants application for subdivision, site-plan review, building permit, Master Site Plan (original or amended) or other development review. Existing application fees stated above payable by applicants include reasonable monetary charges for professional services required to the City to review and process the developers application, however, if the project or development review requires more professional or other third party services than anticipated and provided for in the original application fee, the developer shall be responsible to reimburse the City for the excess reasonable fees and charges incurred in the review, processing and compliance assurance required by the City to complete consideration of the developers application. Such fees and charges shall accrue to, and are payable by, the development entity which executes the development application, or enters into a development agreement with the City of Eagle Mountain as required under the City Development Code.
- 2.2. The City shall bill developers for excess reimbursable fees accruing under paragraph A above and all other charges on a regular basis within forty-five (45) days of the payment of such reimbursable fees and/or accrual of other charges to the developer by the City. The billing by the City shall be in reasonable detail to permit the developer applicant to determine the reason for the expenditure, the project for which the fees or charges were incurred, and the rate or other basis for the reimbursement

or other charge. Billings for reimbursable fees are due upon receipt and if the balance due is not paid within thirty (30) days of mailing, the developer applicant account is delinquent and the developer applicant is in default on its reimbursement fee obligations to the City. Every billing statement from the City to a developer shall be deemed correct, accurate, undisputed and due in full unless the City Treasurer is notified in writing of a disputed bill in reasonable detail to ascertain the exact question or matter in dispute within thirty (30) days of the postmarked date on the mailed statement or the date of hand-delivery if the statement is not delivered through the U.S. Mail.

- 2.2.1. Developer applicants, or their representatives, may informally confer with City staff to obtain further information, ask questions, and receive clarification of charges included on the billings. An informal conference may result in changes to the invoice from the City to the developer applicant.
  - 2.2.2. If the invoice is corrected or changed, the developer applicant shall pay the corrected invoice within fifteen (15) days of receipt of the corrected invoice.
  - 2.2.3. If the developer applicant does not dispute the billing, request information and engage in an informal conference with staff concerning the billing, the invoice shall be due thirty (30) days from the date of the invoice. Billed invoices shall be due and payable to the City thirty (30) days from the date of the invoice in the case of undisputed invoices and fifteen (15) days after receipt of a corrected invoice in the case of an invoice corrected after an informal conference or corrected after a decision by the City Council.
  - 2.2.4. If the developer applicant disputes any charge on the invoice from the City to the developer applicant, the developer applicant shall pay the amount of the invoice and notify the City in writing of the dispute, indicating each disputed item and the reason each disputed item is disputed. The total sum of all disputed items shall constitute the contested amount of the payment by the developer applicant to the City.
- 2.3. The City Treasurer shall receive the disputed payment and the contested amount and shall notify the City Recorder of the contested payment. The City Recorder shall notify the Mayor and provide the Mayor and Council with the statement of dispute received from the developer applicant.
- 2.3.1. The City Council shall consider the payment dispute in a regularly scheduled City meeting. Notice of the time, date and place of the meeting where the disputed statement will be considered by the City Council will be mailed to the developer applicant not less than five (5) days before the date of the meeting. The developer applicant may be present and present any statement or evidence supporting the developer applicant's position with respect to the dispute.
  - 2.3.2. The City Council shall cause the party to whom disbursement was made by the City to be present at the hearing on the disputed amount and after hearing all of the relevant evidence and statements of parties and staff, the City Council shall vote on each disputed item and determine whether or not to direct a refund to the developer applicant for any disputed charge. A final decision by the City Council may be made in the absence of the developer applicant disputing the statement in dispute.
- 2.4. Developer applicants must remain in good standing with all amounts due and payable to the City paid as such amounts become due. Developers or Master Developers who are delinquent in payment of reimbursable fees and charges to the City except facilities construction fee payments under Section 2.4.1, 2.4.2 and 2.4.3, or other charges to the City, are deemed to be in default and all processing of all applications before the City staff, Planning Commission or City Council shall be tabled until the developer applicant's default is cured by the timely payment of all fees and charges or the execution of

an agreement for the payment of all fees and charges acceptable to the City Treasurer or Administrator. Except as provided below, City staff are specifically instructed to verify that each Master Developer or developer applicant is in good standing with respect to all fees and charges owed to the City before presenting developer applications to the Planning Commission agenda or to the City Council agenda, and specifically before recordation of plats or final signing and approval of site-plans, building permits, or other development approval applications.

- 2.4.1. Master Developers obligated to facilities construction fee payments to the City who are not current in the payment of all facilities fee construction payments and all major development applicants within the respective master development areas where the Master Developer is not current on all facilities fee construction payments, may qualify to continue to process major development subdivision applications as provided by the Development Code under special rules established in this Section 2.4.1 and in Section 2.4.2 and 2.4.3.
  - 2.4.2. Whenever a Master Developer is not current in the payment of facilities fee construction obligations, major development subdivision applications may be processed by the Planning Commission and City Staff and City Engineer up to consideration of the final plat of the subdivision by the City Council. No final vote shall be taken on the final plat or on the approval of a development agreement if the Master Developer or subdivider is in default in the payment of facilities fee construction obligations to the City. The City Council shall not vote on the final plat or the subdivision development agreement for the period of time the Developer remains in default in the payment of the facilities fee obligations. The vote may be scheduled on the final plat and subdivision development agreement after the expiration of the period of time equal to the time between the date the facilities fee payment should have been paid to the City by the Master Developer and the date the payment was received by the City.
  - 2.4.3. Master Developers may qualify for the alternative processing provisions described in Sections 2.4.1 and 2.4.2, but shall only be qualified for the alternative processing if the Master Developer is current at the date of each processing request in the completion of all outstanding projects required to be completed at the date of the processing request. Master Developer projects include, but are not limited to, the completion of all subdivision development improvements required to be constructed by the Master Developer, the completion of parks or other improvements, or the completion of other public improvements or dedication of open space consistent with the Master Developer's representations to the City Council.
- 2.5. Utility customer's accounts are due and payable within thirty (30) days of the date of the utility billing. Utility customers who do not pay the full amount of the utility billing invoice within thirty (30) days, are in default and are subject to disconnection of utilities and collection of the delinquent amounts. This section describes the process for notice to utility customers of billing delinquency, terminating service, collection of reconnection fees, and provisions for deferred payments schedule contracts.
- 2.5.1. Each utility invoice not paid when due shall be considered delinquent and the delinquent utility customer shall be provided a delinquent account notice requiring payment in full within seven (7) days of the date of the notice of the full past due amount.
  - 2.5.2. In the event payment in full is not received within the seven (7) day delinquent account notice period, a termination of service/shutoff notice will be issued stating the date service will be discontinued for nonpayment if delinquent payments are not received by the City. Utility customers are invited to contact City staff during the seven (7) day delinquent account notice period to arrange a deferred payment

schedule, which may be approved by the City under the provisions of Section 4 below.

2.5.3. Services terminated for non-payment of delinquent accounts shall not be reinstated until payment of the delinquent account is received or an acceptable deferred payment contract is approved by the City and the initial payment required under the deferred payment schedule is received by the City together with the reconnect fee of \$50 to reimburse the City for the professional services necessary to reinstate the utility service.

2.5.4. A deferred payment schedule contract may be entered with a delinquent customer, provided that the deferred payment schedule does not extend for a period of more than one (1) year, provides for a specific amount to be paid each month together with interest as provided in Paragraph F below. Utility customers who do not comply with the terms of an executed deferred payment schedule contract, are subject to termination of service after the City provides the delinquent account notice and the shutoff notices provided in sections 2.5.1 and 2.5.2 above. Service terminated after default on a deferred payment contract form shall not be reinstated until the entire past due amount is paid in full and a deposit as collateral for all future service is received by the City in an amount equal to three (3) times the average monthly billing for the service in consideration.

2.6. All bills for utility service, invoices for reimbursable fees or other charges owned to the City of every kind and nature except for returned checks, shall bear interest at the rate of 1% per month on the unpaid balance due.

2.7. Each check or other instrument tendered to the City for payment of an obligation to the City and returned to the City as a dishonored instrument shall accrue the maximum penalty, services charges and other allowable fees for recovery of the amount due allowed by Utah law.

3. **OTHER FEES**

It is not intended by this Resolution to repeal, abrogate, annul, or in any way impair or interfere with existing provisions of other resolutions, ordinances, or laws except to effect modification of the fees reflected above. The fees listed in the Consolidated Fee Schedule supersede present fees for services specified, but all fees not listed remain in effect. Where this Resolution imposes a higher fee than is imposed or required by existing provisions, resolution, ordinance, or law, the provisions of this resolution shall control.

4. This Resolution shall take effect at 12:01 a.m. June 22, 2001.

ADOPTED by the City Council of the City of Eagle Mountain this 19th day of June 2001.

ATTEST:

  
Janet B. Valentine, City Recorder

City of Eagle Mountain

  
David A. Albrecht, Mayor Pro tem
