Policies & Procedures

1. Equal Employment Opportunity

1.00 | General Policy

Last Revision: --/--/----

It is the policy of the City to comply with Equal Employment Opportunity (EEO) standards in all phases of personnel administration, job structuring, recruitment, examination, selection, appointment, placement, training, upward mobility, discipline, etc., without unlawful regard to race, color, religion, sex, age, physical or mental disability, national origin, or veteran status. The City is an equal opportunity employer. The City prohibits any form of unlawful employee discrimination or harassment based on the foregoing factors. The Mayor, or designee, will ensure that the City is in compliance with all EEO standards.

1.05 | Supervisor Responsibilities

Last Revision: --/--/----

The Mayor, or designee, will ensure that the City is in compliance with all of the personnel policies and procedures in this Manual. Additionally, the Mayor, or designee, will ensure that each employee receives a copy of this Manual, either in print form or electronic form, and that the employee signs and dates a Policy Statement and Acknowledgment Form acknowledging receipt of the Manual. The Mayor, or designee, will then cause the signed and dated Policy Statement and Acknowledgment Form to be placed in the employee's personnel file.

1.10 | Employee Responsibilities

Last Revision: --/--/----

Employees are responsible for informing themselves about the policies, practices, and benefits set forth in this Manual by reading them and, if necessary, asking that they be explained to them. As set forth above, all employees are required to sign and date a Policy Statement and Acknowledgment Form stating receipt of this Manual, either in print form or electronic form.

2. Employment Classifications/Compensation

2.00 | General Policy

Last Revision: --/--/----

The City will pay at least minimum wage and overtime to all employees except those who are specifically exempt from minimum wage and overtime under the Fair Labor Standards Act of 1938 (FLSA). The City will also provide equal pay to all employees doing similar work which requires substantially equal skill, effort, and

responsibility and is performed under similar working conditions, in accordance with the FLSA and the Equal Pay Act of 1963.

2.40 | Compensatory Time Off

Last Revision: --/--/----

- A. Only nonexempt employees may receive compensatory time off in lieu of overtime pay. The City's policy is to pay such employees working overtime unless the employee's supervisor approves compensatory time in advance. The employee's supervisor reserves the right to schedule when an employee's accrued compensatory time off will be used. Written employee requests to use their accumulated leave, including compensatory time during specific dates and times, must be approved by the employee's supervisor, who shall honor the requests unless granting the compensatory time off would create substantial hardship to the City. Employees who have accrued compensatory time before changing into exempt status have one (1) year from status change to use it.
- B. Overtime will be paid after employees have accumulated specific maximum amounts of compensatory time off during any work period as follows:
 1. For employees not engaged in public safety activities, not more than forty (40) hours of compensatory time off may accrue.
- C. Compensatory time off will be accumulated at the rate of one-and-one-half (1.5) times the regular hourly rate.

2.45 | Overtime Pay/Special Situations

Last Revision: 07/07/2020

 - B. For employees not engaged in public safety activities; if a holiday, PTO, falls within a workweek, the employee must actually work forty (40) hours over and above these hours before overtime applies. If an employee is regularly scheduled by their supervisor to work on a holiday for 4 or more hours, such employee will:
 - 1. Receive regular holiday pay, plus a \$50 holiday premium pay; or
 - 2. With approval of the Mayor, or designee, be allowed to take a day off in lieu of the regular holiday pay at a later date, provided such in-lieu-of date is within 30 days of such holiday.
 - C. Overtime shall be approved by the Mayor, or designee, before it is worked, except for public safety activities, such as law enforcement officers and firefighters. Overtime shall be authorized for personnel only when absolutely necessary to provide required services. Violation of this policy may result in disciplinary action, up to and including termination.
 - 1. Public safety employees, such as law enforcement officers and firefighters, may work overtime without prior authorization only in emergency situations.
 - 2. Public safety employees, such as law enforcement officers and firefighters, who work overtime in emergency situations shall notify the Police/Fire Chief as soon as possible of the amount of overtime worked.
 - 3. Work time for non-exempt employees could include checking and responding to work-related messages. To avoid unnecessary overtime, non-exempt employees shall not use City-owned wireless devices after hours without advanced permission from the Department Head or City Administrator, unless the employee is in an on-call status.
 - D. If the Mayor or City Council has declared a “disaster emergency,” employees who are called in to assist during the designated disaster period, regardless of the number of actual hours worked prior to the designated disaster period, will be paid at the rate of one-and-one-half (1.5) times the regular hourly rate of the employee for emergency hours worked outside of, or in addition to, their normal schedule. Hours worked under the condition described in this paragraph shall be paid and cannot be accrued as compensation time. During designated disaster periods, exempt employees may be eligible for overtime pay, as approved by the Mayor.

- C. All exempt employees shall complete and sign, as verification of accuracy, a work period record, showing any type of leave taken during such work period, either in print form or electronic form.
- D. Completed timesheets will be submitted to the employee's supervisor for approval. The timesheets should then be forward to the Human Resources Department for review and payment. Falsification of timesheets or failure of the employee to timely submit timesheets to the employee's supervisor will result in disciplinary action up to and including termination.

2.55 | After-hour On-call/Call-outLast Revision: 07/07/2020

A. On-Call.

- 1. One (1) employee from Water, Sewer, Parks, Streets, and/or Stormwater will be on call for after-hours emergencies. These employees will be on call for an assigned period of time. During the period these employees are on call, they will be required to answer their cellular phone at any time and must remain within a 30-minute response time of the City for that period of time. In the event of an emergency, the on-call employee will be the first contact and will be notified through a call placed to their cellular phone.
- 2. The on-call employee will receive additional compensation of one (1) hour of straight time for each day they are on call seven (7) hours for a period of one week. If the on-call employee is called out for an emergency after normal working hours, such hours will be paid at an overtime rate, 1.5 times their hourly rate, with a two-hour minimum.

B. Call-Out.

- 1. In the event that additional assistance is required beyond that which can be provided by the first contact on-call employee, other employees with technical expertise may be called out with the other on-call employees.
- 2. If an employee who is not the first contact is called out to provide additional assistance for an after-hour emergency, they will be compensated at the overtime rate of 1.5 times their hourly rate, with a two-hour minimum.

2.60 | Safe Harbor Provision

Last Revision: --/--/----

-
- A. If an employee believes that they have not been appropriately compensated, or are subject to inappropriate deductions from their salary, the employee shall utilize the City's grievance procedure to resolve this matter.
1. During the grievance process, if it is determined that the City was not appropriately compensating the employee or was otherwise making inappropriate deductions from an employee's salary, the City shall reimburse the employee for all compensation not paid or improperly deducted.
 2. If it is determined during the grievance process that the City failed to appropriately compensate the employee, or made improper deductions from an exempt employee's salary, the City shall take steps to correct the problems leading to the grievance.

3. Salary Planning

3.00 | General Policy

Last Revision: 07/07/2020

The City is committed to maintaining wage ranges which are competitive with other Wasatch Front cities. Periodically, the Mayor, or designee, shall conduct a wage and benefits survey of cities of comparable size, or cities that provide similar services, to ensure that the City is offering competitive pay ranges. Based on the market and classification analysis, the Mayor will review wage ranges and benefits and may recommend changes, as appropriate. The Mayor may make recommendations for market adjustments for specific job classifications or for the City as a whole.

Since City positions are not always equivalent with positions in cities of comparable size or cities that provide similar services, a classification analysis may also be done on each City position in conjunction with the market survey. The wage and benefit survey and classification analysis consider such factors as:

- A. Education and experience requirements;
- B. Supervisory and financial responsibilities;
- C. Level of risk in the position and the analytical requirements of the position;
- D. Prevailing rates of pay for similar employment in both public and private organizations;
- E. Cost of living factors;
- F. Other benefits received by employees; and/or
- G. The financial policy and economic conditions of the City.

3.05 | New Employees Pay

Last Revision: 07/07/2020

Pay for newly hired employees shall normally be set at the minimum of the pay range assigned to a job classification. However, the Mayor may authorize pay for approved new hires as warranted by job qualification and experience within the range, subject to budget limitations.

3.10 | Merit Increase

Last Revision: 07/07/2020

Please refer to [Section 3.00 | General Policy](#) for information on wage and benefits surveys to ensure competitive pay ranges.

3.15 | Cost of Living Adjustments

Last Revision: 07/07/2020

Please refer to [Section 3.00 | General Policy](#) for information on wage and benefits surveys to ensure competitive pay ranges.

3.20 | Promotion

Last Revision: --/--/----

- A. At the discretion of the Mayor, or designee, a salary increase may be granted to an employee receiving a promotion. Such new salary shall be at least the minimum of the new range.
- B. The Mayor, or designee, may approve an increase up to the midpoint of the new range when a promotion results from a competitive recruitment to a new position level. Such an adjustment shall be based on exceptional qualification and subject to budget limitations.

3.25 | Reclassification

Last Revision: 07/07/2020

- A. If the Mayor, or designee, reclassifies a position to a higher level, the Mayor, or designee, shall adjust the incumbent's salary to at least the minimum of the new range, based upon increased responsibility.
- B. A reclassification increase is subject to budget limitations.
- C. If the Mayor, or designee, reclassifies a position to a lower level, the incumbent's salary shall remain the same. If the incumbent's salary exceeds the maximum of the new range, the incumbent is ineligible to receive a salary increase until the salary range increases to incorporate the incumbent's pay rate.

3.30 | Demotion

Last Revision: 08/18/2020

If an employee is demoted, either voluntarily or involuntarily, the Mayor, or designee, may treat the employee's salary according to [Section 3.25 | Reclassification, Paragraph C](#), or reduce the salary to the applicable pay range.

4. Benefits**4.00 | Benefits**

Last Revision: --/--/----

Employees are eligible for employee benefits as described in this section.

4.05 | Workers' Compensation

Last Revision: 08/18/2020

- A. All employees are covered by Workers' Compensation, which provides medical reimbursement and disability benefits for job-related illness or injury. An employee does not accrue benefits while receiving Workers' Compensation payments. For exact compensation coverage, check the Workers' Compensation contract on file with the City.
- B. Employees may use accrued PTO to make up the difference between Workers' Compensation benefits and their base pay.
- C. An employee who sustains a bona fide, on-the-job injury may seek medical attention from a hospital or WorkCare, as appropriate. They must tell the doctor HOW, WHEN, and WHERE the accident occurred. The doctor will complete a medical report and copies of this report should be sent within seven (7) days to the insurance carrier, the Industrial Commission, and to the injured worker (*Please Note: do not submit doctor or hospital bills for on-the-job injuries or illness to the regular medical plan*).
- D. Reporting the accident or illness is critical to qualification for payment under Workers' Compensation. If an employee is injured while on the job, no matter how minor, the circumstances should be reported to the Mayor, or designee, immediately. After the required report (copies of this form may be obtained by contacting the Human Resource Department) is filled out, a copy must be sent to the insurance carrier and to the Industrial Commission within seven (7) days of the date of injury. If the injury is something of a serious nature, broken bones, hospitalization, fatality, etc., then the Industrial Commission needs to be notified within 8 hours by the Employer.

- E. While on leave because of a bona fide, on-the-job injury or illness, an employee must contact their supervisor, Mayor, or designee, to report on their condition. Failure to provide the required medical status reports may result in revocation of the leave and/or disciplinary action, up to and including termination.
- F. All employees must return to work after the approval of the attending physician. A statement from the attending physician stating the employee is able to resume normal duties will be required before returning to work. Failure to return to work when directed may result in disciplinary action, up to and including termination. An employee who is able to return to work in light duty status may be required to work in a different department and perform duties not contained within their current job classification.
- G. At the time of final release or settlement of a Workers' Compensation claim, if no vacancy exists, and if a reasonable effort which has proven to be unsuccessful has been made to place the employee in another position, they may be terminated and paid any accrued benefits due to them.

4.10 | Insurance

Last Revision: 08/18/2020

- A. Disability Insurance. The City provides long-term disability insurance for benefit-qualified employees in lieu of the coverage typically provided by the social security system.
- B. Medical Health Insurance. The City provides health insurance for benefit-qualified employees. Subject to budget limitation, the City generally pays the full cost of single, double, or family coverage for the least expensive medical option offered by the City. Any full-time employee may carry a more expensive medical option by paying the difference in cost.
- C. Option for City to Make Additional Contributions to Employee Retirement Account. If an employee has health benefits through another health insurance plan and the benefits and evidence of such insurance are acceptable to the Mayor, or designee, then upon written request by such employee, the City may at its option make an additional contribution into such employee's 401(k) or 457 retirement account maintained by the Utah State Retirement System in an amount equal to the premium of the City-sponsored health insurance plan for single coverage.
- D. Life Insurance. The City provides a basic life insurance policy for benefit-qualified employees free of charge.
- E. Insurance Termination and Conversion.

To achieve a drug-free workplace, applicants and current employees of Eagle Mountain are required to participate in drug-testing; the frequency, type, and disciplinary response of drug tests will vary depending on whether the employee's position requires a CDL or is considered safety-sensitive.

- A. Scope. This policy covers all employees of, and applicants to, the City.
- B. Definitions.
 - 1. Alcohol. Alcohol is defined as the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols in methyl and isopropyl alcohol, no matter how packaged or in what form the alcohol is stored, utilized, or found.
 - 2. Controlled Substances. Controlled substances are defined by the Comprehensive Drug Abuse Prevention and Control Act as marijuana (THC), cocaine, phencyclidine (PCP), opiates, amphetamines (including methamphetamine), or other substances which may only be legally obtained and used pursuant to a physician's prescription.  5. Refusal to Submit to Testing. Failure to provide an adequate breath or urine sample without a valid and verified medical explanation, after the employee has received notice that they are being tested and a breath or urine sample is required, or engaging in conduct that clearly obstructs the testing process.
 6. Reasonable Suspicion. Knowledge sufficient to induce an ordinarily prudent and cautious person under the circumstances to believe that a prohibited activity is occurring.
 7. Safety-sensitive Duties. Any firefighter or paramedic duties, law enforcement duties, duties or positions deemed safety sensitive by the City or the United States Department of Transportation, or duties requiring a Commercial Driver License (CDL).

1. The supervisor making the determination that reasonable suspicion exists shall submit written documentation setting forth the specific, contemporaneous articulate observations concerning the appearance, behavior, speech, or body odors of the employee which resulted in the reasonable suspicion determination. 1. Employees subject to follow-up testing will be tested a minimum of six (6) times in the first (1st) twelve (12) months following their return to duty.
 2. Follow-up testing beyond one (1) year shall be based on a need assessment provided by a substance abuse professional.

- J. Consequences of a Positive Drug/Controlled Substance Test. If a drug test result shows that the employee has misused a controlled substance, the employee shall be removed from, and cannot be returned to, a safety-sensitive position until, at a minimum, all of the following are met:
1. The employee undergoes evaluation by a substance abuse professional, and where necessary, rehabilitation.

 - a. Housing. The City will provide hotel accommodations at the government rate or single room conference rate. An itemized hotel bill must be submitted with the final travel authorization. Room service will fall under the per diem guidelines. City business phone calls will be covered but should be kept to a minimum. The individual will be responsible to pay for in-room movies and other hotel services. Multiple employees attending the same conference shall each have their own room, unless the employees expressly choose to share a room.

- b. Ground Transportation. The City will pay the cost of necessary ground transportation. City personnel are expected to secure the least expensive means of appropriate transportation under the circumstances. Receipts must be submitted for reimbursement.
 - c. Hotel costs for travel occurring along the Wasatch Front will not be reimbursed unless approved in advance by the City Administrator.
 - d. Airfare. The City will pay the cost of the economy class airfare. The employee's travel itinerary and other supporting cost documentation must be submitted for reimbursement.
 - e. Mileage. If airline service is available to the conference, convention, seminar, or training session and the employee elects to drive, the mileage reimbursement shall not exceed the cost of airfare, standard rental car, and other applicable costs (such as airport parking, etc.).
 - f. Meals. The City allows a daily meal per diem for each day of business-related travel. Certain cities have been classified as "premium" cities and have a higher daily meal per diem. The full per diem may not be claimed if a meal is provided as part of a conference, convention, seminar, or training session. For a listing of destination cities and their applicable daily per diem rates, please contact the Accounts Payable Office or go online to www.gsa.gov. A Department Director may choose to pay an amount lower than the daily per diem as circumstances dictate but may not exceed it. Employees who have been issued a City credit card, may use it to pay for approved travel related meals. Employees must retain all receipts related to such purchases. In the event that the daily total expense for meals is greater than the allowable per diem amount, the difference will be repaid by the traveling employee or reported as taxable wages on the employees W-2.
 - g. Entertainment. The City will not pay for any entertainment expenses (i.e. golf, city tours, sporting events, cultural arts events, concerts, etc.) that are not included as part of the basic seminar/conference registration fee.

11. Exact receipts are required for approved expenses. Receipts and mileage must be submitted on a Mileage and Expense Report obtainable from the Finance Department.
12. Local travel expenses between the employee's home and assigned work location are not reimbursable. However, if employees are required by business necessity to travel from home to a site other than their assigned work location, the City will reimburse them for the difference between the mileage of their normal commute to their assigned work location and the total miles driven on business.
13. The City will reimburse City personnel for out-of-pocket expenses for gasoline and other necessary expenses when driving a City vehicle, if approved.
14. Costs incurred for traveling companions who are not City personnel will be considered ineligible expenses and will not be reimbursed. There is an exception for spouses of City personnel who are expected to participate in the event for which the travel is required. Such exceptions must first be approved by the City Administrator.
15. Incidental Expenses - Incidental expenses are not considered part of a meal per diem reimbursement and, therefore, substantiation is required. Incidental expenses include ground transportation, parking, and related tips; fax, telephone, internet, or copy charges; and other business-related expenses. Other tips are not reimbursable.
16. Employee expenses paid by other entities – Eagle Mountain City employees that provide services to other entities either formally or informally may represent the interest of those entities as well as Eagle Mountain City while traveling on official Eagle Mountain City business. Where possible, the shared benefit of the employee activities while traveling should be determined and costs of that travel proportionally split between the benefiting entities.
17. If any employee travel-related expenses are paid directly by another entity, those payments must be documented and disclosed to Eagle Mountain City. Any travel-related expenses that are paid by another entity must not be submitted to Eagle Mountain City for reimbursement to the employee. In such circumstances Eagle Mountain City will reimburse the employees for travel related costs and then bill the other entity the proportional share of those travel-related costs, or the other entity will bill Eagle Mountain City for its proportional share of the travel-related costs paid by the other entity.
18. If an employee receives a per diem allowance prior to traveling and is not able to travel, the employee will return those funds to Eagle Mountain City.  2. Agents should refrain from sharing opinions on the City, City staff or elected officials, businesses, policies, and so forth.
 3. Positive attitudes should prevail, ensuring that professionalism also includes a courteous, kind, and respectful interaction.
- B. Agents should always remain honest and transparent. In instances where it is inappropriate to share information, or the agent does not have the full information needed to provide an adequate or accurate response, the agent should refer the customer to a staff member or other entity as required that would have the answers needed.
- C. Agents should not use profanity or other vulgar language at any time.
- D. Agents should respond quickly to Live Chat requests, treating an incoming request the same as an incoming phone call. If an Agent must leave his/her computer for more than five minutes, he/she should change the status on the Live Chat tool to *offline* to not receive additional Live Chat requests until he/she has returned.
- E. Management of time dedicated to phone calls, Live Chat, and in-person conversations is the responsibility of the supervisor who may elect to dedicate staff to certain communication channels permanently or for periods of time or allow staff to balance all three.
1. Communication priorities are as follows:
 - a. In-person communication;
 - b. Phone calls;
 - c. Live chats
 2. As with typical phone conversations, a request for a customer to hold can be used. If all staff are occupied and cannot quickly respond to a Live Chat request, an agent should communicate the following or something similar: “We are currently assisting others at this time and cannot immediately respond. If you are able to wait, someone will be with you shortly; otherwise you are welcome to send an email to [department email address].”
 - a. Agents should not frequently be offline but instead remain online for most of their workday. Agents who are unable to be online for most of their workday may be removed as an agent.
- F. Agents may engage in up to three Live Chat sessions concurrently after meeting performance requirements.

1. Agents will start with one Live Chat session at a time. If after 100 chats, their satisfaction score is over 80% and their first response time is under one minute, they may begin to chat with two customers concurrently.
 2. Agents who maintain an 80% satisfaction score and a first response time under one minute after 500 chats will be permitted to chat with up to three customers concurrently.
 3. Agents whose scores fall below the performance levels indicated will need to step down to a lower number of concurrent chats until performance improves.
- G. If a customer becomes unresponsive for more than two minutes, the agent should verify the customer is still present and kindly make them aware that the chat session will be terminated for inactivity after two further minutes. If inactive for four total minutes, the agent may recommend to the customer to reach back out or call at a suggested phone number, and then terminate the chat session.
- H. Agents may forward customers to other agents who may be able to provide greater assistance on a particular topic.
1. Agents should ensure that the customer was successfully transferred.
- I. Customers requiring service in another language should be transferred to bilingual agents, when available.
- J. Agents should not in any way harass a customer.
1. Additionally, customers are not permitted to harass agents. If an agent believes they are being harassed, they should contact a supervisor and retain the chat transcript. The supervisor will determine if the harassment warrants further action and address the needs of the harassed agent.
 2. In cases where customers continue to harass after being asked to cease, a supervisor may request the agent transfer the chat to him/her in an attempt to resolve the issue. If the customer continues the harassment, the supervisor may authorize the ban of the customer from the Live Chat tool.

 - B. If customers are requesting to discuss topics that are completely unrelated to City operations, the Agent should ask the customer if they have any question related to City operations. If they have no question, the Agent should kindly inform the customer of the purpose of the Live Chat tool, recommend they request a chat again when they have a question that would benefit from the Live Chat tool, and then terminate the chat.

23. Fraud Prevention

23.00 | Cash Receipting and Deposits

Last Revision: 07/07/2020

The City intends to establish a uniform control design for all City departments that receive cash. This policy has been developed by the Treasurer with input received from the Finance Department and external auditors, and has been approved by the City Council who ultimately is responsible for the overall design and implementation of organizational controls. Over time, it is expected this policy will be adjusted for changes

in systems and organizational structure, at which time the Treasurer will propose changes to the City Council for review and approval.

A. Cash Receipts at Separate Individual Locations.

1. All funds received are entered into the accounting system at the time of the transaction or if the transaction occurs at a location without access to the accounting system the funds will be logged into a pre-numbered receipt book with enough detail to determine where/who the funds came from, the purpose for receiving the funds, the method of payment; cash, check, credit card etc., and designate the appropriate account. Manual receipts should have three copies: a customer copy, a Treasurer's Office copy, and a location copy.
2. At the end of each day, the person responsible for receiving cash will close out their cash drawer, reconcile the system generated report to the cash in the drawer, place cash, checks and credit card receipts received along with the report in a deposit bag and either deliver it to the Treasurer's Office or place it in a secure (locked) place for deposit or use on the next business day.
3. Void/adjusted transactions. If a transaction needs to be voided or adjusted, it should be done by someone who does not receive cash. If an office does not have enough employees to have adjustments made by a supervisor that doesn't receive cash, two employees will sign off on the adjustment or voided transaction explaining the circumstances causing the adjustment. If the location is using a manual receipt book, all copies of the receipt should be present for any voided receipt. The system should be designed to generate a report of all adjusted/voided transactions to facilitate monitoring of this process.
4. Every effort should be made to ensure large quantities of cash are not on hand at any location overnight. If a location has a large transaction or series of transactions leaving cash on hand over \$1,000, the deposit should be made in the same day.
5. When deposits are made with the Treasurer's Office, the employee making the deposit will turn over the funds and watch as it is counted, receive a receipt detailing the amount, date of receipt and the signature of the Treasurer's Office employee who took custody of the funds. This receipt will be returned to the location and kept with the receipt records. Any discrepancy in the funds being deposited and the supporting documentation should occur when custody of the funds changes.
6. A clerk enters the deposit into the accounting system, delivers the deposit to the Treasurer to review and commit the batch, and then delivers the batch to the Finance Director, or designee, who does a final review of the batch and takes funds to the bank.
7. The City will install and maintain surveillance systems in offices receiving funds.

8. Mail will be opened in the presence of two or more employees and any correspondence containing payments will be removed and processed prior to distributing mail to individual persons or departments.

B. Deposits with Treasurer.

1. Treasurer's Office employee (Clerk) will receive funds, count the funds, compare the amount received to the supporting documentation provided and give a receipt to the employee who turned over the funds with the amount received, date and that employee's name and signature.
2. An employee from the Treasurer's Office enters the information from the deposit into the Accounting system.
3. At the end of each day, the Treasurer will review the batches from Clerks, match the total to the total receipts in the accounting system, and create a deposit slip (deposit information should be sufficiently detailed to allow a reviewer to trace individual transactions from satellite locations into the deposit and verify that the funds were received by the bank).
4. Copies of deposit slips are maintained and used to reconcile bank statements to the accounting records.
5. Department heads for departments that collect cash should review the revenue recorded into the accounting system with their copy of the deposits to ensure correct recording of cash.

23.10 | IT and Computer Security

Last Revision: 07/07/2020

The City furnishes computers and access to e-mail and Internet for employees' use in conducting City business. The purpose of this policy is to establish basic rules for employees' use of the City's computer system, including the Internet and email.

A. Internet and E-mail Use Policies.

1. Employees should not expect or assume any privacy regarding the content of email communications. The City reserves the express right to monitor and inspect the activities of the employee while accessing the Internet at any time, including reading and using employee emails. In addition, all software, files, information, communications, and messages (including emails) downloaded or sent via the Internet using City resources are the City's records and property of the City; such records are subject to potential review and disclosure under the public disclosure law of the State of Utah. Even after an email message has been "deleted," it may still be possible to retrieve it.
2. Internet use must comply with applicable laws and City policies including but not limited to all Federal and State laws, and City policies governing sexual harassment, discrimination, intellectual property protection, privacy, public disclosure, confidentiality, misuse of City resources, information and data security.

3. Some individuals may find information on the Internet offensive or otherwise objectionable. Individual users must be aware that the City has no control over available information on the Internet and cannot be responsible for the content of information.
 4. Violation of this policy is grounds for disciplinary action, up to and including termination.
- B. Prohibited Uses of the Internet. The following is a non-exclusive list of prohibited uses of the Internet and email:
1. Commercial Use. Any form of commercial use of the Internet is prohibited;
 2. Solicitation. The purchase or sale of personal items or non-business items through advertising on the Internet is prohibited;
 3. Discrimination/Harassment. The use of the Internet to send messages or other content that is harassing, derogatory or unlawfully discriminatory to employees, citizens, vendors or customers is prohibited;
 4. Political. The use of the Internet for political purposes is prohibited;
 5. Aliases/Anonymous Messages/Misrepresentation. The use of aliases or transmission of anonymous messages is prohibited. Also, the misrepresentation of an employee's job title, job description, or position with the City is prohibited;
 6. Social Networking Sites. The accessing and/or creation of social networking sites, such as Facebook, Twitter, Instagram, Blogs and similar sites is prohibited for non-City business purposes;
 7. Instant Messaging;
 8. Misinformation/Confidential Information. The release of untrue, distorted, or confidential information regarding City business is prohibited;
 9. Viewing or Downloading of Non-business-related Information. The accessing, viewing, distribution, downloading, or any other method for retrieving non-City related information is prohibited. This includes, but is not limited to, entertainment sites, pornographic sites, sexually explicit sites, chat rooms and bulletin boards;
 10. Unauthorized attempts to access another's network or e-mail account;
 11. Display or transmission of sensitive or proprietary information to unauthorized persons or organizations;
 12. Spamming email accounts from the City's email services or City machines.
- C. Computer System Use Policies. The City's computer system permits employees to perform jobs, share files, and communicate internally and with selected outside individuals and entities in the performance and conduct of City business. Employees are prohibited from gaining unauthorized access to another employee's email messages, or sending messages using another employee's password.

1. To prevent potential City liability, it is the responsibility of all Internet users to clearly communicate to the recipient when the opinions expressed do not represent those of the City.
2. The City has the capability and reserves the right to access, review, copy, modify and delete any information transmitted through or stored in its computer system. The City may disclose all such information to any party (inside or outside the City) it deems appropriate and in accordance with applicable law. Accordingly, employees should not use the computer system to send, receive or store any information they wish to keep private. Employees should treat the computer system like a shared file system—with the expectation that files sent, received or stored anywhere in the system will be available for review by any authorized representative of the City for any purpose, as well as the public if a proper request is made for public records.
3. Good judgment should always be employed in using the City's email and Internet systems. Employee email messages may be read by someone other than the person(s) to whom they were sent. Emails inconsistent with the City's policies are to be avoided. Accordingly, employees should create and send only courteous, professional, and businesslike messages that do not contain objectionable offensive or potentially discriminatory material.
4. Caution should be taken in transmitting confidential information on the computer system. Employees should use due care in addressing email messages to assure messages are not inadvertently sent to the wrong person inside or outside the City. Email creates a written record subject to court rules of discovery and may be used as evidence in claims or legal proceedings. Once sent, email cannot be retracted. Even after deletion at a workstation, email can be retrieved and read.
5. The safety and security of the City's network and resources must always be considered when using the Internet. Any programs from a non-current source (i.e., software that is not purchased in original diskette or CD ROM format) or which involve executable or binary files must not be downloaded or installed without prior permission from an employee's direct supervisor and without being properly scanned for viruses. Employees are not to share or reveal individual passwords to anyone or change their computer's password without permission from a direct supervisor.
6. Nothing in this chapter prohibits the use and access of the described systems for bona fide law enforcement and investigation purposes. The City Council has the right to restrict or prohibit any employee from Internet access or computer use for violation of these policies. Any employee who fails to comply with these rules is subject to disciplinary action, up to and including termination. In addition, violation of this Manual may subject employees to civil or criminal liability.

1. Personal use of City-owned computer systems is permitted only when all of the following criteria are satisfied:

 - b. Does the complaint pertain to improper governmental activities? Disagreements with management decisions or actions taken by elected officials that are within the law will not be investigated.
 - c. Has the complainant taken appropriate steps to resolve the issue with the City? If the City is not responsive, the concern relates to top management, or the complainant desires anonymity, consideration will be increased.
 - d. What is the timing and frequency of alleged improper activity? Allegations of improper activities that are recent and/or on-going may receive a higher priority.
 - e. Should the allegation be investigated by another entity? Are there other agencies that have oversight of the complaint? Is a member of the governing body or the audit committee being accused?

Last Revision: 07/07/2020

- B. Reporting Fraud or Abuse.
- 1. Employees who become aware of improper governmental actions should raise the issue first with their supervisor. If requested by the supervisor, the employee shall submit a written report to the supervisor, or to some person designated by the supervisor, stating in detail the basis for the employee's belief that an improper governmental action has occurred. Where the employee reasonably believes the improper governmental action involves his or her supervisor, the employee may raise the issue directly with the

City Administrator or such other person as may be designated by the City Administrator to receive reports of improper governmental action.

2. In the case of an emergency, where the employee believes that damage to persons or property may result if action is not taken immediately, the employee may report the improper governmental action directly to the appropriate department with responsibility for investigating the improper action.
3. The supervisor, City Administrator, or the designated role by the City Administrator shall take prompt action to assist Eagle Mountain City in properly investigating the report of improper governmental action. Eagle Mountain City officers and employees involved in the investigation shall keep the identity of reporting employees confidential to the extent possible under law, unless the employee authorizes the disclosure of his or her identity in writing. After an investigation has been completed, the employee reporting the improper governmental action shall be advised of a summary of the results of the investigation, except that personnel actions taken as a result of the investigation may be kept confidential.
4. City employees may report information about improper governmental action directly to the Human Resources, Audit Committee, or the designated role by the City Administrator with responsibility for investigating the improper action if the employee reasonably believes that an adequate investigation was not undertaken to determine whether an improper governmental action occurred, or that insufficient action has been taken to address the improper governmental action or that for other reasons the improper governmental action is likely to recur.
5. City employees who fail to make a good faith attempt to follow procedures in reporting improper governmental action shall not receive the protections provided by Eagle Mountain City in these procedures.

C. Complaints, Investigations, Review and Enforcement.

1. Any person may file a complaint alleging a violation of this policy.
2. The complaint shall be in writing and shall, except as described in section C below, be signed by the complainant. The written complaint should state the nature of the alleged violation(s), the date(s), time and place of each occurrence, and name of the person(s) charged with the violation(s). The complaint shall be filed with the City Administrator, or the designated role by the City Administrator who shall provide a copy to the person charged with a violation. The complainant shall provide the City Administrator, or the designated role by the City Administrator with all available documentation or other evidence to demonstrate a reason for believing that a violation has occurred.
3. This policy is intended to protect employees who choose to come forward in good faith with complaints about governmental actions and conduct of Eagle Mountain City employees. Anonymous

complaints have the potential to subject the person who is the subject of the complaint to an investigation that may, at the least, cause stress and embarrassment, and may, at most, result in discipline or termination of employment. Eagle Mountain City is reluctant to begin an investigation based on an anonymous complaint because evidence will be difficult to obtain and verify, and it will be impossible to assess the complainant's credibility. Complainants and whistleblowers have protection from retaliation under Eagle Mountain City policy. A thorough investigation of complaints is Eagle Mountain City's goal. It may not be possible to conduct a thorough investigation when a complainant remains anonymous. Therefore, Eagle Mountain City reserves the right to decline to investigate any complaint that is provided anonymously.

4. If a complaint is received anonymously it shall be directed to Internal Audit for a recommendation on the processing of the complaint. Upon review of the complaint, the Internal Auditor will recommend to the Audit Committee either that the complaint has no merit or that it should be investigated. Such a recommendation will be made within ten (10) days of receipt of the complaint, if possible. Upon receipt of the Internal Auditor's recommendation the Audit Committee shall make the final determination on whether to continue the investigation, end the investigation, or refer the matter to an outside entity.
5. Within thirty (30) days after receipt of a complaint, the Internal Auditor, or another person appointed by the Audit Committee shall conduct a preliminary investigation. If the [Internal Auditor] or a member of the Audit Committee or the governing board are implicated in the complaint, the Audit Committee will determine an independent person who will conduct the investigation. Criminal allegations will be referred to the proper law enforcement agency.
6. If the Internal Auditor determines, after preliminary investigation, that there are no reasonable grounds to believe that a violation has occurred, the Internal Auditor shall advise the Audit Committee to dismiss the complaint. If the Audit Committee does dismiss the complaint, it shall do so in writing, setting forth the facts and provisions of law upon which the dismissal is based, and shall provide a copy of the written dismissal to the complainant, to the person charged with the violation and to the governing board.

23.30 | Conflicts of Interest

Last Revision: 07/07/2020

- A. City officers and employees individually commit themselves in their official capacity to ethical, businesslike, and lawful conduct, including appropriate use of their authority and decorum at all times. Officers must avoid even the appearance of impropriety to ensure and maintain public confidence in the City. Officers and employees owe a fiduciary duty to the City and must not act in a manner that is contrary

to that duty or to the interests of the City. Officers and employees must place the interests of the City over their own personal interests with respect to the governance, policy, strategic direction and operations of the City.

- B. It is the intent of the City Council to meet and exceed those protections against conflicts of interest contained in State law. Under this policy, a conflict of interest arises when an officer or employee has a personal interest in a matter that is or may be in conflict with or contrary to the City's interests and objectives to such an extent that the officer or employee is or may not be able to exercise independent and objective judgment within the context of the best interest of the City. For the purposes of this policy, an officer's or an employee's "personal interest" includes those of his or her relatives, business associates or other persons or organizations with whom he or she is closely associated.
- C. The following provisions shall serve as a guide to officers and employees with respect to the affairs of the City:
 - 1. City officers or employees shall not receive, accept, take or solicit, directly or indirectly, anything of economic value as a gift, gratuity, or favor from a person or entity if it could be reasonably expected that the gift, gratuity, or favor would influence the vote, action, or judgment, or be considered as part of a reward for action or inaction. Officers are required to submit a report to the City Council and the City's Internal Auditor of the actual or estimated value of any gifts or casual entertainment received as an officer or as an employee that exceeds \$50.00.
 - 2. The complete confidentiality of proprietary business information must be respected at all times. Officers and employees are prohibited from knowingly disclosing such information, or in any way using such information for personal gain or advancement, or to the detriment of the City, or to individually conduct negotiations or make contacts or inquiries on behalf of the City unless officially designated by the City Council.
 - 3. Officers and employees are prohibited from acquiring or having a financial interest in any property that the City acquires, or a direct or indirect financial interest in a supplier, contractor, consultant, or other entity with which the City does business. This does not prohibit the ownership of securities in any publicly owned company except where such ownership places the officer in a position to materially influence or affect the business relationship between the City and such publicly owned company. Any other interest in or relationship with an outside organization or individual having business dealings with the City is prohibited if this interest or relationship might tend to impair the ability of the officer(s) or employee(s) to be independent and objective in his or her service to the City.
 - 4. If members of the immediate family of an officer or of an employee have a financial interest as specified above, such interest shall be fully disclosed to the City Council which shall decide if such

interest should prevent the City from entering into a particular transaction, purchase, or engagement of services. The term “immediate family” means officer’s spouse, parent, dependent children, and other dependent relatives.

5. When a conflict of interest exists, the officer or employee shall publicly declare the nature of the conflict and may recuse him or herself on any official action involving the conflict.
6. Officers and employees may not realize, seek, or acquire a personal interest in a business that does business with the City.
7. Officers shall complete a Conflict of Interest Disclosure Form annually by the end of January. This form shall be signed and notarized. Completed forms shall be submitted to the Recorder’s Office and made available to the public upon request.
8. The Recorder’s Office shall provide copies of all completed forms to the City Council at the end of January each year.
9. The City Council shall review all completed forms and consider the disclosures. The City Council should make changes to assignments, duties, or contracts deemed appropriate to eliminate or mitigate conflicts of interest within the City.

 - k. Unsolicited gifts from dignitaries from another entity or other jurisdiction that are intended to be personal in nature;
 - l. Campaign contributions; and
 - m. Unsolicited gifts with an aggregate economic value of \$50.00 or less from a single source in a calendar year received either directly or indirectly by the official or employee.
- D. Disclose Privileged Information. No current employee or officer, as specified, shall disclose or use any privileged or proprietary information gained by reason of his or her official position for the immediate or anticipated personal gain or benefit of the employee or any other person or entity; provided, that nothing shall prohibit the disclosure or use of information which is a matter of public knowledge, or which is available to the public on request.

 4. An Eagle Mountain City officer or employee may not use City equipment while engaged in campaigning or other political activity.

Last Revision: 02/04/2020

The purpose of this policy is to ensure the safety of those individuals who operate City fleet units, and to provide guidance on the proper use of all City fleet units. It is the driver's responsibility to operate the unit in a safe manner and to drive defensively to prevent injuries and property damage. As such, Eagle Mountain City endorses all applicable State motor vehicle regulations relating to driver responsibility. Each driver is expected to drive in a safe and courteous manner. The attitude one takes when behind the wheel is the single most important factor in driving safely.

Last Revision: 02/04/2020

Eagle Mountain City shall provide for central management of its fleet units, including their purchase, ownership, replacement, and disposal. All fuel services will be outsourced.

City fleet units shall be provided and utilized only when required to conduct City business.

City fleet units shall be managed in accordance with the lifecycle approach to material management, and with the principles of cost-effectiveness and prudence.

To maximize cost-effectiveness, City fleet units shall be periodically evaluated. Eagle Mountain City shall strive to meet fleet unit replacement goals. The Fleet Policy and Procedures Manual will be reviewed and revised every three to five years, as needed.

To operate a City fleet unit, employees shall have a valid driver license for the type and class of unit being operated. Employees shall submit their name, date of birth, and driver license number to the Human Resource Department. The City shall provide the relevant employee information to the Utah Local Governments Trust (Trust) to obtain the employee's motor vehicle record from the Utah Driver License Division; the Trust will send updated motor vehicle records for all employees to the Human Resources Department on a monthly basis. If an operator does not have a valid driver license, his/her authority to operate a City fleet unit shall be withdrawn until the license is valid. It is the responsibility of authorized operators to notify the City Fleet Supervisor and Human Resource Coordinator if his/her driver license status changes. Operating a City fleet unit with a suspended or revoked driver license may be grounds for termination. Upon hiring, new employees must complete the City's Defensive Driver Training before operating a City fleet unit. All employees shall attend Defensive Driver Training annually.

The City has adopted an age restriction for authorized operators' eligibility for the following fleet units:

Vehicles with a gross weight less than 26,000 pounds and trailers with a gross weight less than 10,000 pounds must be operated by employees 18 years of age and older. The Mayor or City Administrator may grant an exception that allows employees 17 years of age to drive these vehicles when department directors make such a recommendation based upon unusual circumstances.

3.25 | Defensive Driving Guidelines

Last Revision: 02/04/2020

- A. Drivers are required to maintain a safe following distance at all times. Drivers shall keep a two-second interval between their vehicle and the vehicle immediately ahead. During slippery road conditions, the following distance shall be increased to at least four seconds.
- B. Drivers must yield the right-of-way at all traffic control signals and signs requiring them to do so. Drivers shall be prepared to yield for safety's sake at any time. Pedestrians and bicycles in the roadway always have the right-of-way. School zone speed limits must be followed.
- C. Drivers must never exceed posted speed limits. In adverse driving conditions, drivers must reduce speed to a safe operating speed that is consistent with the conditions of the road, weather, lighting, and volume of traffic. Tires can hydroplane on wet pavement at speeds as low as 40 mph.
- D. Turn signals must be used while going into traffic and before every turn or lane change.
- E. When passing or changing lanes, drivers must view the entire vehicle in the rear-view mirror before pulling in front of said vehicle.
- F. Drivers must be alert of other vehicles, pedestrians, and bicyclists when approaching intersections. Drivers may never speed through an intersection on a caution light. When the traffic light turns green, drivers must look both ways for oncoming traffic before proceeding.
- G. When waiting to make left turns, drivers must keep the City fleet unit wheels facing straight ahead to ensure the City fleet unit will not be pushed into the lane of oncoming traffic if rear ended.
- H. When stopping behind another vehicle, drivers must leave enough space to view the rear wheels of the car in front. This allows room to go around the vehicle if necessary and may prevent the City fleet unit from being pushed into a vehicle ahead of the City fleet unit, if rear-ended.
- I. Drivers shall avoid backing where possible, but when necessary, drivers shall keep the distance traveled to a minimum and be particularly careful. Drivers shall check behind the City fleet unit before backing and shall back to the driver's side. Drivers shall not back around a corner or into an area of no visibility.
